

Team Involvement in Demonstration

Date	04 October 2026
Team ID	POCKETSMART-TEAM
Project Name	PocketSmart AI – Smart Budget & Recommendation Assistant using Gemini Models
Maximum Marks	2 Marks

Team Roles

Team Member	Role in Project	Demonstration Responsibility
Backend Lead	Backend, architecture, authentication and integration	Introduce the problem, architecture, history and closing
Frontend Lead	Frontend, Jinja2 templates, CSS and JavaScript	Demonstrate pages, forms, results and dashboard
AI Integration Lead	Gemini integration, prompts, fallback and shopping links	Demonstrate the three planners and outfit-based jewelry suggestions
Testing & Documentation Lead	Validation, tests and documentation	Demonstrate validation, fallback notice, tests and future scope

Coordination

All members should understand the end-to-end flow so that the demonstration can continue smoothly if one module needs to be explained by another member.
